IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world. — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. — He has called together legislative Bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. — He has refused for a long time, after such dissolutions, to cause others to be elected, whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. — He has endeavored to prevent the Population of these States, for that purpose obstructing the Laws for Naturalization of Strangers; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice by refusing his Assent to Laws for establishing Judiciary powers. — He has made Judges dependent on his Will alone, for the tenure of their Offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. — He has kept among us, in times of peace, Standing Armies without the Consent of our Legislature. — He has affected to render the Military independent of and superior to the civil power. — He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For quartering large bodies of armed troops among us; — For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States; — For cutting off our Trade with all parts of the world; — For imposing Taxes on us without our Consent; — For depriving us in many cases, of the benefits of Trial by Jury; — For transporting us beyond Seas to be tried for pretended offences; — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies; — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments; — For suspending our own Legislatures, and declaring themselves invested with powers to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. — He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of ferocity & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavored to bring on the Inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Relief in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. — Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow those usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of concinnity. We must, therefore, acquiesce in the necessity, which denounces our separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. — We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

CROSS COUNTRY

The Cross Country Team had a fair season. The reason for this was that the team was adjusting to the new course by extending the run from 2 1/2 miles to three miles. Although the team lacked experience, it has shown potential for the future. The entire team has been practicing for both indoor and outdoor track. At this time the team is unified and Coach Watson is hopeful of a successful season.

BOWLING

Although Bartram's Varsity team isn't as big as others, our team showed other schools how competitive bowling can be. Captain Mark Abrams, Coach Mr. Tataoian and other varsity members, brought Bartram the victory of winning second place in their division. The team agreed that they palyed a good season even with the few problems that ocssionally came up. Congratulations team!

INDOOR TRACK

The indoor track season of 1976 was highlighted by the success of Bartram's Mile Relay and 880 yard Relay both having won several gold medals through the season.

The indoor track team consists of a group of individuals who are hard workers and have competitive drive. This drive has given them the initiative to have a winning season. Captain Pete Bivens sets a good example for the team; he has turned in some of the best times of the year in the 600 yard run.

Proper hurdling form is of major importance to the runners.

TRACK

Bartram had one of the strongest track teams in the history of the school. The reason for this success was team depth. At the public league city championships at Northeast High in June, Bartram's harriers came in second. Pete Bevin and Jeff Morgan were outstanding performers. Harold Mack, was a champion pole vaulter; Mike White was a champion high jumper; Anthony Palmer was a champion shot putter, and (in order) Aaron Singleton, Ronald Holley, Mike Gold, and Melvin Rowden were 440 relay champions.

VOLLEYBALL

The girls volleyball team for 1975, despite their record of two wins and five losses, played very well for a new team says Ms. Gill, the team's coach. Ms. Gill also said that this year's team is made up of girls who have never played competitive volleyball before and were not used to playing as a team. Coach Gill believes that the team as a whole is a little nervous but has great potential. The girls wins were over Gratz and Overbrook.

According to Coach Bellino the outstanding players were: Linda Reed, pitcher, Donna Smith, short stop; Joan Flannery, center field, and Audrey Pugh, Captain

TRACK

The Girls' Track Team was a fairly good one this year. Their coach, Mrs. Robinson was proud of the team. Bartram's team came in third place in the City Championship Play-offs.

Their future looks bright. There are a lot of seasoned runners and Coach Robinson is sure of another great season ahead.

PRINCIPAL'S MESSAGE

Congratulations to you who have successfully completed twelve years of education and have thus earned a diploma from John Bartram High School.

I would like to express a word of thanks and appreciation to the Class of 1976. Over the past years, Bartram has made notable gains in almost every area: pupil attendance, the increase in the number of graduates going on to higher education and into immediate employment, the improvement of basic skills and the increase in number of scholarships. You, the Class of '76, were directly responsible for those improvements. In addition, you set the proper tone which made Bartram a better place in which to get an education. Your efforts will have a most positive effect for years to come.

I am certain that those same qualities you displayed here will help you to achieve the goals you established for yourselves in the future. We, the staff, are proud of you!

IN MEMORIUM

BRET DARRELL MUNDY

July 23, 1958 to November 17, 1975

It is good to find time from our busy lives to reflect on the lives of others. What really makes a fine person? Perhaps it is the manifest qualities that are admired by all. Maybe it is able to see the good things about others, instead of looking for their faults. Or, could it be the ability to be friends with all whom you meet? It may be that one attribute that makes so many wrong things seem right such as love.

Bret obviously possessed them all. Though at times he may have been down, he always was there with a big smile, and we all admired his pleasantness. A carefree person who was carrying many burdens always received it.

Bret was involved in many activities. When he was younger, he was involved in Scouting and the many functions that went along with his membership. While here at Bartram, Bret earned his varsity letter for his achievements on Bartram's Bowling Team. At a very early age, Bret was baptized at the Mt. Hebron Baptist Church, sang in the Children's Choir and participated in their Sunday School exercises. More recently he attended Redeemer Moravian Church, where he became involved in their Youth Programs.

He exhausted all these fine qualities by being a loving son, brother, grandson, nephew, cousin, and loyal friend. He is that fine person whose life we reflected upon.

In Memorium JACQUILINE H. HAYES

December 15, 1958 to June 28, 1975

A commercial student and nurse's aid, Jacquiline discovered she had terminal cancer in tenth grade. Between hospitalization she attended school undaunted by her condition. She will be sadly missed by her friends as she was always smiling and good natured. She kept her beautiful smile until her death.

The end of an important era in our lives has come. We should all take time to reflect, to learn from our mistakes and to expand on our achievements.

As we assume our roles as tomorrow's leaders and members of society, we have to ask ourselves this question. Is our heart full of an optimism that will build a better world, or is it full of embittered contradictions that will only lead to destruction?

Our nation was founded on the binding theme that all men are created equal. yet history has proven this to be fallacious for women and minorities. In light of the many heroic men and women who have fought and died to make equality a marker staff chose the theme "We've Only Just Begun" to symbolize the real struggle for true equality which has just begun.
